

**MAJOR DIFFERENCES BETWEEN
6-MAN FOOTBALL and 11-MAN FOOTBALL**

FIRST DOWN

15 yards to make first down, 4 downs.

FIELD DIMENSIONS

80 yards long by 40 yards wide. Goal posts 25 yards wide.

FORWARD PASS

It is a forward pass if the pass goes forward and also crosses the line of scrimmage. If any pass does not cross the line of scrimmage, it is considered a "backward" pass and subject to recovery and running by either team. All players are eligible to receive a forward pass.

CLEAR PASS

Before a player may run across the line of scrimmage, the snap receiver must make a "clear pass" meaning that the ball must travel a visible distance through the air. In other words, this first pass may not be a handoff. The snap receiver may pass or kick without the "clear pass."

FAIR CATCH AND RETURN KICK

Not permissible.

SCORING

All scoring is the same as in 11-man game with two exceptions; a kicked point after touchdown counts two points, and a field goal counts 4 points.
