

"RESULTS OF THE FIRST ANNUAL CHAMPIONSHIP SWIM MEET IN THE TOWN OF AMHERST"

Close to 1000 residents of the Town of Amherst crowded around the Park School open air pool to witness the first annual swim championship for youths under 18. 110 boys and girls filled the entry lists so that preliminary heats were held on Wednesday and semi-final heats were necessary on Thursday, before the final splashes could be recorded. Supervisor Eward Metz presented the first, second and third place prizes on a podium, a la, Olympic style, and the closeness of many races forced the judges into many a huddle before official results could be announced by the capable Dr. Deluhery. The meet officials were furnished by the AAU and handled under the supervision of Robert Chalmers, referee. All of the times made at the meet become a part of the record book and will provide incentive for future years. While several exceptional times were recorded, the calibre of sportsmanship was among the best ever seen at a meet of this size. Meet Director Herb Mols was most grateful for the splendid cooperation received from all of the officials and organizations which added even a small bit to the success of the meet, but most of all he expressed satisfaction over the willingness of the beginner swimmers to enter such a competition, for it was the number of swimmers, in addition to the quality, which made for the exceptional spirit among the swimmers and spectators alike.
